LeRoy Federal Credit Union

2nd Quarter 2017

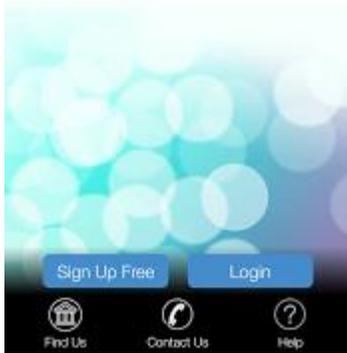

“OWNED BY YOU, WORKING FOR YOU.”

For over 50 years Le Roy Federal Credit Union has been serving our members, bringing them a hometown feel with welcoming customer service and feeling like you have control over your finances!

Introducing the *mymobilemoney* app!

We are now offering the use of the mymobilemoney app! After downloading the app from the Play/App Store, and entering your Debit Card number, you'll be able to view the checking (and savings if applicable) account associated with that card. You can receive alerts when there has been any activity with your card or set up more specific alerts to only be notified for certain things.

The mymobilemoney app also comes with fraud alerts/protection right at your fingertips! If a transaction is made outside of your selected region (which you can change as you travel) for example, the fraud department will alert you to see if you made that purchase. If it wasn't you, your card will be closed immediately. You can also close your card out yourself if you have misplaced it and are looking for it, turning it back on if you find it.

Another feature that is offered with this app is the option to turn your card off for ATM use and only turn it on when you're ready to use it at an ATM location, so that no one can use it without your knowledge. The mymobilemoney app also allows you to transfer money between the checking and savings accounts associated with that Debit Card, which is a nice perk!

Check out the YouTube video we have posted on the Accounts Summary page of our website for all the details!
